

Bethel Christian Academy

Statement of Purpose/ Mission Statement

Bethel Christian Academy seeks to provide an atmosphere of learning, for students, parents, and staff that promotes the teachings of our Lord and Saviour, Jesus Christ. We believe this environment is conducive for individuals to flourish and build a foundation that will support superior academics. These studies are required in order to excel in the marketplace, higher education, or contribute to the society in which we live. The eternal value of exposing all who are involved in this school system cannot be measured, nor can the desire of Bethel Christian Academy to provide instruction based on the Word of God be measured in human terms.

We are more than conquerors through him that loved us. Romans 8:37
